DRAFT

Final Report

Documenting Biodiversity of Coastal Salmon (*Oncorhynchus* spp.) in Northern California

Sonoma County Water Agency
Contract # TW 99/00-110

December 2002

Principal Investigator: Dennis Hedgecock

Project personnel:
Michael Banks (former co-P.I., now Assistant Professor, Oregon State University), Kate Bucklin (graduate student research assistant and postdoctoral researcher), Cheryl A. Dean (staff research associate), Will Eichert (programmer), Carolyn Greig (postgraduate researcher), Paul Siri (former co-P.I.), Bruce Nyden (programmer), Jason Watters (graduate student research assistant),

Bodega Marine Laboratory, University of California at Davis
P.O. Box 247, Bodega Bay, CA 94923

Documenting Biodiversity of Coastal Salmon (*Oncorhynchus* spp.) in Northern California

Table of Contents

Documenting Biodiversity of Coastal Salmon (*Oncorhynchus* spp.) in Northern California 1
Summary 3
Introduction 5
  Genetics of geographically structured populations 5
  Genetics of juvenile salmon populations 7
Population Genetics of Coastal California Coho Salmon Populations 7
  Introduction 7
  Materials and Methods 8
  Results 20
  Discussion 31
  Discussion 32
  Discussion 33
  Discussion 34
Assessing Genetic Variation in Steelhead Populations 37
Stock Origin Estimates for Chinook Juveniles Captured in the Russian River 37
  Materials and Methods 38
  Results 40
  Discussion 42
The development and maintenance of alternative male-types in a population of Coho salmon. . 42
Development of Geographic Information Systems 44
  Overview 44
  Purpose 44
  Why a GIS mapserver? 44
  Software and Computing Platform Specifications 45
  Description 45
  Salmon Genetics Data 45
  Recommendations 46
  For the future 46
Acknowledgements 47
Literature Cited 47
Appendix 1 50
Appendix 2. UCD-BML-SCWA ArcIMS GIS project 58
  Computing Environment and System Requirements 58
  Sample Data Layers Enclosed 58
  Description of Custom PERL Scripts and CODAR Data Processing 59
  Description and Processing of Live-link Data Sources 59
  Projection Information 61
  Additional Information 61
